Independent Auditors' Report

Administrative Committee
Selway Machine Tool Co., Inc.
Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Selway Machine Tool Co., Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Selway Machine Tool Co., Inc. Employee Stock Ownership Plan as of December 31, 2021 and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Selway Machine Tool Co., Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Prior Period Financial Statements

The financial statements as of December 31, 2020, were audited by RINA Accountancy LLP, who merged with Aprio, LLP as of August 1, 2022, and whose report dated October 5, 2021, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Selway Machine Tool Co., Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Selway Machine Tool Co., Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Selway Machine Tool Co., Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 1. GENERAL DESCRIPTION OF PLAN:

Stock Ownership Plan:

On January 1, 2012, Selway Machine Tool Co., Inc., (the “Company” and the “Plan Sponsor”) established the Selway Machine Tool Co., Inc. Employee Stock Ownership Plan (the Plan). The Plan is qualified under Section 401(a) of the Internal Revenue Code of 1986 (Code), and as an employee stock ownership plan under Section 4975(e)(7) of the Code and Section 407(d)(6) of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2012, the Plan borrowed \$5,000,000 from Selway Machine Tool Co., Inc. to purchase 160.757 shares of the Company’s common stock at \$31,103 per share. During 2012, the Company completed a 100 for 1 reverse stock split. The purchase loan was paid off during 2014. On December 14, 2018, the Plan purchased 6,493.5 shares at a price of \$308 per share.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan covers all of the employees of Selway Machine Tool Co., Inc. with the exception of (1) an employee covered by a collective bargaining agreement unless the terms of the agreement specifically provide coverage of such employee under the Plan, (2) a leased employee and (3) an employee who is a nonresident alien who does not receive any earned income from the Employer which constitutes United States source income. Each employee shall become eligible to participate in the Plan retroactively to the first day of the Plan year in which the employee first completes 1,000 hours of service.

Contributions and allocations:

The Plan is a defined contribution plan for which the Company may contribute annually an amount in cash and/or in shares of Selway Machine Tool Co., Inc. stock as determined by the Company’s board of directors. Contributions to the Plan are limited to amounts deductible on the Plan Sponsor’s federal income tax return.

Each participant’s account is credited with an allocation of Plan Sponsor contributions, plan investment activity, forfeitures of terminated participants’ non-vested account balances, and administrative expenses.

A participant will share in the allocation of contributions and forfeitures only if the participant has accumulated 1,000 or more hours of service during the plan year. Participants are allocated shares based on their covered compensation for that year in proportion to all participants covered compensation for the year.

Diversification:

Within 90 days after the close of each plan year in the qualified election period, each qualified participant is permitted to direct the Plan as to the investment of not more than 25% of the shares of employer securities allocated to the participant’s company stock account. In the case of the sixth year of the qualified election period, the percentage increases to 50%. Participant’s direction must be completed no later than 90 days after the close of the 90 day election period.

EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 1. GENERAL DESCRIPTION OF PLAN (Continued):

Vesting and forfeitures:

Participants become vested in their allocated account balances upon completion of years of service as follows:

<u>Years of Service</u>	<u>Percentage of Account Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures of participant's non-vested account balances are reallocated to the remaining participants. Participants become 100% vested in the event of normal retirement, disability or death while employed with the Plan Sponsor. Forfeitures of terminated non-vested account balances allocated to participants during the year ended December 31, 2021 totaled \$46,475.

Put option:

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Distributions:

The Plan provides for the distribution of the participant's stock and other investment account at retirement, disability, death, or termination of employment. For distributions other than termination of employment, a participant's account balance will be distributed no later than one year after the close of the plan year in which the participant's retirement, disability or death occurred. For distributions associated with termination of employment, account balances will be distributed during the sixth plan year following the plan year in which the participant's employment terminated. Distributions will be made in substantially equal annual installments over a period of five years. If the total value of a participant's account is \$5,000 or less, distribution will be made in a lump sum.

Voting rights:

Shares of Selway Machine Tool Co., Inc. stock shall be voted in the manner as determined by the trustee of the Plan. The trustees of the Plan shall vote in accordance with the instructions from the Plan Committee. In the event of any corporate matter which would constitute a merger, consolidation, reclassification, liquidation or other related activity as specified under Section 409(e)(3) of the Code, each participant who has been allocated shares of stock may instruct the trustee as to the voting of those shares.

EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 1. GENERAL DESCRIPTION OF PLAN (Continued):

Administrative expenses:

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. Expenses paid by the Plan relate to investment advice and other administrative expenses of the Plan.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Method of accounting:

The Plan prepares its financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Cash and cash equivalents:

Cash equivalents are considered to be short-term, highly liquid investments with original maturities of three months or less.

Investment valuation and income recognition:

All of the Plan's assets are stated at fair value. An independent appraiser appointed by the trustees of the Plan has determined the fair value of Selway Machine Tool Co., Inc. common stock using accepted investment, financial and valuation criteria. Changes in fair value are recognized currently and are recorded as unrealized appreciation or depreciation. When shares are transferred from "unallocated" to "allocated" they are transferred at the current year's fair value.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid

Subsequent events:

Management has evaluated events through October 11, 2022, the date which the financial statements were available for issue.

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates

Note 4. RISK AND UNCERTAINTIES:

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of Plan Sponsor's common stock and cash. The Plan places its cash with high credit quality financial institutions. At times, the account balances may exceed the institution's federally insured limits. The Plan has not experienced any losses in such accounts.

**SELWAY MACHINE TOOL CO., INC.
EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 4. RISK AND UNCERTAINTIES (Continued):

The Company's common stock is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 5. INVESTMENTS:

The Plan's investments are held in a separate trust and invested in cash and Selway Machine Tool Co., Inc. common stock. The Plan assets at December 31, 2021 and December 31, 2020 are summarized as follows:

	<u>2021</u>	<u>2020</u>

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 6. FAIR VALUE MEASUREMENTS:

Professional accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under professional accounting standards are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and December 31, 2020.

The fair value of the Selway Machine Tool Co., Inc. common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparable and estimated fair value of company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which management, along with the ESOP trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the plan fiduciary.

**SELWAY MACHINE TOOL CO., INC.
EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 6. FAIR VALUE MEASUREMENTS (Continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and December 31, 2020:

	Level 3	
	2021	2020
Investment in plan sponsor:		
Common stock	\$ 6,718,174	\$ 6,497,221

Level 3 Gains and Losses:

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2021:

	Investment In Sponsor Common Stock
Balance, beginning of year	\$ 6,497,221
Unrealized gain relating to Plan Sponsor common stock still held at the reporting date	220,953
Balance, end of year	\$ 6,718,174
The gain for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date.	\$ 220,953

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no significant transfers into or out of Level 3.

**SELWAY MACHINE TOOL CO., INC.
EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2021 AND DECEMBER 31, 2020

Note 7. PLAN TERMINATION:

The Company reserves the right to terminate the Plan at any time, subject to the provisions of the Plan and ERISA. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Benefits Administration Committee should direct the Trustee to pay all liabilities and expenses of the trust fund.

Note 8. INCOME TAX STATUS:

The Plan has received a determination letter from the Internal Revenue Service dated June 2014, stating that the Plan is qualified, under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor intends to maintain the Plan as a qualified plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not sustain upon examination by the Internal Revenue Services. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

The Plan invests in Company common stock. The Company pays the expenses of the Plan. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.
